### Current Clack

This has been a wild ride for the last two months, in July we attended the Elizabeth Celtic Fair and it went phenomenal, we had choice placement and once again were offered the gig for next year, many thanks to Neil and Wendy. In Aug we attended the Highlands Ranch Games this areas largest of its type, thanks to Stewart and Paul from the Roman Legion for getting FAMR into the show,, both Women on the Edge and Fjellborg attended. We wowed the crowd (as normal) and were asked to return to the next games. The HAC (were we did our APRIL show) spotlighted CWP in their cultural diversity portion of their website with pictures from the fest and our show. These two events were well worth it to do due to the location and what we have gained just on tips alone. All in all a great mid season the group dynamic has been fantastic.

Our next event dates will be Farmington on Oct 21-22, the intervening time will be for Farmington including street fights. We will be prepping everything for Farmington, props, weapons, armor, rides etc so our focus must be Farmington, I know that we are all "jazzed" up for next year but we must focus on wrapping this year up in a grand fashion. Farmington is a big deal and we need to be the absolute best we can be for our audience we are the main entertainment for the fair.

We are welcoming Veronica Renteria, Tony Renteria, Jeff Ashura as fighting members, we also welcome Margie Ashura as an auxiliary member. There are a few other potential members to. We wish to welcome Luke back after his absence he looks forward to and has jumped right back into form. We will be saying goodbye to Kristi Wilcoxon, and Jessica Medved who wished to pursue other endeavors. Our CWP end of season BBQ bash will be held on Oct 28 it will be a pot luck like last year and Veronica will be heading up the organization. It would be held at my house no later than 11:00 until whenever.

### SPECIAL NOTICE

A special friend passed away on Aug 11 2006 Dirk Smith a member of Fjellborg and my fight partner in the same group, took his own life, it appears that the pressures and problems of life become too much for him to handle. Almost everyone in Castle Wall at least knew Dirk and he had only the best to say about our group. He was friendly and outgoing and was an enjoyable fellow to know, he was a boon to Fjellborg and was very active in its solidifying it as an organization. I wish to remember Dirk in the best of times, his laugh and humor, and while it is hard not to be angry for him leaving us the way he did, we that knew him the best wish to

remember him in the good times and the light he brought to our lives.

### Practice Makes Perfect

We know we need to concentrate on our new version of the show, our fights are fine, but the new cues and street skits need to be worked on, also we need to polish our melee, we will be doing run throughs for our next two months in prep for our new show. As always our fights will always be worked on during our run throughs those who have newer fights need to work on them so that they will be caught up by the time we hit show.

-----Darrell Harrod

### From The Heralds Horn

We are working the dreaded issue of the Castle Wall Website and once again we have another option and I hope to have it up by Farmington. But as has been the situation of late do not hold your breath. When its up it will be up and that's all I can say about that.

-----Eric Medved

### Tales Of The Anvil

The weapons need cleaning and will be polished up before Farmington; we have a schedule to be released by the time you read this. Staffs will also be fixed to a presentable standard.

-----Luke Carr

## The Tailors Bench

Costumes will be worn so that NO jeans, tennis shoes, tees or halter tops (i.e. modern clothing) will be evident under the costumes (in particular those people wearing dresses) This is a standard that and after confirming with the director/ president will be grounds for disciplinary action (see rule).

We need to get to work on all our costumes if you have repairs they need to be into us ASAP if you wish to purchase any new costume pieces let us know what so the myself and director can ok them for the upcoming show.

-----Gerry Daubert

## Ring Time

We will finally be having our first armor party in months on Sept 1 and Sept 15. We will be concentrating on shields and repairing armor, polishing helmets and cleaning armor painting shields. We have two month to get this done so we need to work a good schedule, which we will adhere to so we can complete all our tasks.

-----Eric Medved

## Merchants Booth

At Farmington will handle the selling of any merchandise we have through the Farmington museum, so there is little for us to actually dso with sales at this show

-----Judy Boren

## Castle Custodian's Closet

We will be working on updating props, common repairs, tightening, adding a coat of varnish and general upkeep to all of our props to make them presentable for the biggest show of our season; Farmington.

-----Darrell Harrod

## Wagons Wheel

We have no new news for the motor pool when the next season roles around we will be working on the van as we should have some funds to spread around.

-----Patrick Kelly

## Leeches Ledger

We will have a ready full medical kit by Farmington (actually we have one already, thanks to Darrell, but its his personal one which we can use). We have two kits but they are not as big and complete as we would like. Classes will be held for all of CWP on medical procedures

## The Fighting Screen

The BBC has announced that there is a new Robin Hood television adaptation in the works being filmed in Eastern Europe. At this time I don't have the particulars but defiantly something to keep your eyes and ears open for.
